## Another Right Step, Another Small Gain

### A further portfolio recalibration

MLT's latest acquisition is a positive step supported by healthy market fundamentals. The portfolio's large e-commerce tenancies should boost its exposure to this secular growth market. However, with DPU accretion at just +0.4%, management is likely eyeing a stronger medium-term rental growth outlook, and potential cross-selling revenue synergies on its expanding Pan-Asian distribution platform. Our model has been updated following its 4QFY18 results (FY19/20E DPU's lowered 5%/3%; Fig. 1) but we await details of the equity fundraising to include this deal. Reiterate HOLD and DDM-based TP of SGD1.25 (WACC: 7.6%, LTG: 1.5%). Our preferred sector pick remains the business park-focused AREIT (BUY, TP SGD3.05) with its sizeable debt headroom available to fund growth.

### 4Q18 occupancy up; +2.6% rental reversion for FY18

4Q18 DPU was up 4.1% YoY and FY18 DPU of SGD7.62 cts rose 2.4% YoY, meeting 99% of ours and the street's estimates. Portfolio occupancy improved QoQ and YoY to 96.6%, with improvements in all markets. HK occupancy, which included the acquisition of an additional 38% interest in Shatin No.3, fell QoQ from 99.8% to 96.6% (otherwise it rose to 99.9%). Portfolio rental reversion was +2.6% for FY18 and +1.6% for 4Q18, with stronger performance in HK (+6%) and Singapore (+2%) for the quarter. Asset-conversion risks have eased with just 4.6% out of the 24.4% of its leases expiring in FY19 from single-tenanted properties, mostly in Singapore and Malaysia, and China.

### Announces new deal at +0.4% DPU accretion

MLT also announced acquisition of 50% interest in 11 China properties from its sponsor's development pipeline. We see favourable market fundamentals, with logistics demand supported by China's rising consumption expenditure and fast e-commerce growth. A supply-demand imbalance for Grade A warehouse space is further expected to drive improvement in occupancies and accelerate rental growth from +2.7-5.1% in 2018 to +3.5-5.9% in 2019. Post-deal, China's contribution to MLT's AUM/NPI rises from 5%/6% to 9%/11%, while its China exposure to e-commerce-related tenants jumps from 18% to 42%. The deal size and equity-biased funding structure is similar to its recent HK transactions. This likely signals management's confidence on acquisition-led growth, albeit at slower DPU accretion given rising asset valuations.

### To acquire 50% interest in 11 China assets

MLT separately announced the acquisition of a 50% interest in 11 logistics properties in China from its sponsor's development pipeline. The deal will be financed via debt and an equity fund raising, with details to be announced later. The CNY985.3m (SGD205.3m) purchase price represents a 1.7-3.7% discount to Colliers' and JLL's valuation. The implied NPI yield is estimated at 6.4%, against MLT's 6.2% China NPI yield, with DPU accretion at 0.4%. The properties are new - the oldest is at 2.3 years, and purpose-built with modern Grade A specifications, with committed occupancy of 97.7%, remaining land tenure averaging 47 years, and a WALE of 3.3 years. Its top five tenants are large e-commerce players - JD.com (JD US, SELL, TP USD36), which contributes 20% of gross revenue, with Cainiao (Alibaba, BAB US, HOLD, TP USD185) at 19%. China's contribution to MLT's AUM and NPI should rise from 5% and 6% respectively, to 9% and 11% post-acquisition, and its WALE in China should extend from 2.0 year to 2.7 years.

## Value Proposition

- Third largest industrial sector S-REIT, backed by sponsor Mapletree Investments, wholly-owned by Temasek Holdings.
- Portfolio has grown from 15 Singapore properties valued at SGD422m at IPO in 2005 to 124 logistics assets at end-Mar 2018 valued at SGD6.5b. Diversified across eight Asian geographies: Singapore, Hong Kong, China, Australia, Malaysia, South Korea, Japan and Vietnam.
- Has right-of-first refusal to 4.7m sqm development pipeline (about 1.3x current portfolio) from sponsor.

## Price Drivers

### Historical share price trend

Source: Company, Maybank Kim Eng

- May-13: Market anticipates occupancy declines due to single-to-multi tenant conversions. 2Q13 also sees the start of a strong supply cycle that is set to end in 2016.
- Apr-15: Weak 4Q15 results with low occupancy reported at several newly converted Singapore MTBs, weaker JPY, and higher funding costs weighing on DPUs.
- Jun-15: Expanded into Australia with AUD253m acquisition of Coles Chilled Distribution Centre at 5.6% NPI yield.
- Jan-17: 3Q17 results highlighted improving Singapore occupancies with strong backfilling at 5B Toh Guan Road East (100% pre-committed).
- Aug-17: Announced its largest acquisition to-date - Mapletree Logistics Hub Tsing-Yi in HK for HKD4.8b (SGD832m) from its sponsor at 5.7% NPI yield.

## Financial Metrics

- Recent acquisitions completed in Australia, Malaysia and Vietnam and HK to support DPUs.
- NPI margins to stabilise over FY18-19, with further easing of SUA conversion pressures.
- Well-staggered lease expiry profile with WALE (by NLA) at 3.5 years.

### Lease expiry profile (as of end-Mar 2018)

## Swing Factors

### Upside

- Earlier-than-expected pick-up in leasing demand for logistics space driving improvement in occupancy.
- Better-than-anticipated rental reversion trend.
- Accretive acquisitions.

### Downside

- Prolonged slowdown in economic activity could reduce demand for logistics space, resulting in lower occupancy and rental rates.
- Termination of long-term leases contributing to weaker portfolio tenant retention rate.
- Significant volatility in AUD, JPY, MYR and KRW could impede hedging efforts and impact DPU estimates.
- Sharper-than-expected rise in interest rates could increase cost of debt and negatively impact earnings, with higher cost of capital lowering valuations.

## APPENDIX I: TERMS FOR PROVISION OF REPORT, DISCLAIMERS AND DISCLOSURES

### DISCLAIMERS

This research report is prepared for general circulation and for information purposes only and under no circumstances should it be considered or intended as an offer to sell or a solicitation of an offer to buy the securities referred to herein. Investors should note that values of such securities, if any, may fluctuate and that each security's price or value may rise or fall. Opinions or recommendations contained herein are in form of technical ratings and fundamental ratings. Technical ratings may differ from fundamental ratings as technical valuations apply different methodologies and are purely based on price and volume-related information extracted from the relevant jurisdiction's stock exchange in the equity analysis. Accordingly, investors' returns may be less than the original sum invested. Past performance is not necessarily a guide to future performance. This report is not intended to provide personal investment advice and does not take into account the specific investment objectives, the financial situation and the particular needs of persons who may receive or read this report. Investors should therefore seek financial, legal and other advice regarding the appropriateness of investing in any securities or the investment strategies discussed or recommended in this report.

The information contained herein has been obtained from sources believed to be reliable but such sources have not been independently verified by Maybank Investment Bank Berhad, its subsidiary and affiliates (collectively, "MKE") and consequently no representation is made as to the accuracy or completeness of this report by MKE and it should not be relied upon as such. Accordingly, MKE and its officers, directors, associates, connected parties and/or employees (collectively, "Representatives") shall not be liable for any direct, indirect or consequential losses or damages that may arise from the use or reliance of this report. Any information, opinions or recommendations contained herein are subject to change at any time, without prior notice.

This report may contain forward looking statements which are often but not always identified by the use of words such as "anticipate", "believe", "estimate", "intend", "plan", "expect", "forecast", "predict" and "project" and statements that an event or result "may", "will", "can", "should", "could" or "might" occur or be achieved and other similar expressions. Such forward looking statements are based on assumptions made and information currently available to us and are subject to certain risks and uncertainties that could cause the actual results to differ materially from those expressed in any forward looking statements. Readers are cautioned not to place undue relevance on these forward-looking statements. MKE expressly disclaims any obligation to update or revise any such forward looking statements to reflect new information, events or circumstances after the date of this publication or to reflect the occurrence of unanticipated events.

MKE and its officers, directors and employees, including persons involved in the preparation or issuance of this report, may, to the extent permitted by law, from time to time participate or invest in financing transactions with the issuer(s) of the securities mentioned in this report, perform services for or solicit business from such issuers, and/or have a position or holding, or other material interest, or effect transactions, in such securities or options thereon, or other investments related thereto. In addition, it may make markets in the securities mentioned in the material presented in this report. One or more directors, officers and/or employees of MKE may be a director of the issuers of the securities mentioned in this report to the extent permitted by law.

This report is prepared for the use of MKE's clients and may not be reproduced, altered in any way, transmitted to, copied or distributed to any other party in whole or in part in any form or manner without the prior express written consent of MKE and MKE and its Representatives accepts no liability whatsoever for the actions of third parties in this respect.

This report is not directed to or intended for distribution to or use by any person or entity who is a citizen or resident of or located in any locality, state, country or other jurisdiction where such distribution, publication, availability or use would be contrary to law or regulation. This report is for distribution only under such circumstances as may be permitted by applicable law. The securities described herein may not be eligible for sale in all jurisdictions or to certain categories of investors. Without prejudice to the foregoing, the reader is to note that additional disclaimers, warnings or qualifications may apply based on geographical location of the person or entity receiving this report.

### Malaysia

Opinions or recommendations contained herein are in the form of technical ratings and fundamental ratings. Technical ratings may differ from fundamental ratings as technical valuations apply different methodologies and are purely based on price and volume-related information extracted from Bursa Malaysia Securities Berhad in the equity analysis.

### Singapore

This report has been produced as of the date hereof and the information herein may be subject to change. Maybank Kim Eng Research Pte. Ltd. ("Maybank KERPL") in Singapore has no obligation to update such information for any recipient. For distribution in Singapore, recipients of this report are to contact Maybank KERPL in Singapore in respect of any matters arising from, or in connection with, this report. If the recipient of this report is not an accredited investor, expert investor or institutional investor (as defined under Section 4A of the Singapore Securities and Futures Act), Maybank KERPL shall be legally liable for the contents of this report, with such liability being limited to the extent (if any) as permitted by law.

### Thailand

Except as specifically permitted, no part of this presentation may be reproduced or distributed in any manner without the prior written permission of Maybank Kim Eng Securities (Thailand) Public Company Limited. Maybank Kim Eng Securities (Thailand) Public Company Limited ("MBKET") accepts no liability whatsoever for the actions of third parties in this respect.

Due to different characteristics, objectives and strategies of institutional and retail investors, the research reports of MBKET Institutional and Retail Research Department may differ in either recommendation or target price, or both. MBKET Retail Research is intended for retail investors (<http://kelive.maybank-ke.co.th>) while Maybank Kim Eng Institutional Research is intended only for institutional investors based outside Thailand only.

The disclosure of the survey result of the Thai Institute of Directors Association ("IOD") regarding corporate governance is made pursuant to the policy of the Office of the Securities and Exchange Commission. The survey of the IOD is based on the information of a company listed on the Stock Exchange of Thailand and the market for Alternative Investment disclosed to the public and able to be accessed by a general public investor. The result, therefore, is from the perspective of a third party. It is not an evaluation of operation and is not based on inside information. The survey result is as of the date appearing in the Corporate Governance Report of Thai Listed Companies. As a result, the survey may be changed after that date. MBKET does not confirm nor certify the accuracy of such survey result.

The disclosure of the Anti-Corruption Progress Indicators of a listed company on the Stock Exchange of Thailand, which is assessed by Thaipat Institute, is made in order to comply with the policy and sustainable development plan for the listed companies of the Office of the Securities and Exchange Commission. Thaipat Institute made this assessment based on the information received from the listed company, as stipulated in the form for the assessment of Anti-corruption which refers to the Annual Registration Statement (Form 56-1), Annual Report (Form 56-2), or other relevant documents or reports of such listed company. The assessment result is therefore made from the perspective of Thaipat Institute that is a third party. It is not an assessment of operation and is not based on any inside information. Since this assessment is only the assessment result as of the date appearing in the assessment result, it may be changed after that date or when there is any change to the relevant information. Nevertheless, MBKET does not confirm, verify, or certify the accuracy and completeness of the assessment result.

### US

This third-party research report is distributed in the United States ("US") to Major US Institutional Investors (as defined in Rule 15a-6 under the Securities Exchange Act of 1934, as amended) only by Maybank Kim Eng Securities USA Inc ("Maybank KESUSA"), a broker-dealer registered in the US (registered under Section 15 of the Securities Exchange Act of 1934, as amended). All responsibility for the distribution of this report by Maybank KESUSA in the US shall be borne by Maybank KESUSA. This report is not directed at you if MKE is prohibited or restricted by any legislation or regulation in any jurisdiction from making it available to you. You should satisfy yourself before reading it that Maybank KESUSA is permitted to provide research material concerning investments to you under relevant legislation and regulations. All U.S. persons receiving and/or accessing this report and wishing to effect transactions in any security mentioned within must do so with: Maybank Kim Eng Securities USA Inc. 777 Third Avenue 21st Floor New York, New York 1 - (212) 688-8886 and not with, the issuer of this report.

## UK

This document is being distributed by Maybank Kim Eng Securities (London) Ltd (“Maybank KESL”) which is authorized and regulated, by the Financial Conduct Authority and is for Informational Purposes only. This document is not intended for distribution to anyone defined as a Retail Client under the Financial Services and Markets Act 2000 within the UK. Any inclusion of a third party link is for the recipients convenience only, and that the firm does not take any responsibility for its comments or accuracy, and that access to such links is at the individuals own risk. Nothing in this report should be considered as constituting legal, accounting or tax advice, and that for accurate guidance recipients should consult with their own independent tax advisers.

### Reminder

Structured securities are complex instruments, typically involve a high degree of risk and are intended for sale only to sophisticated investors who are capable of understanding and assuming the risks involved. The market value of any structured security may be affected by changes in economic, financial and political factors (including, but not limited to, spot and forward interest and exchange rates), time to maturity, market conditions and volatility and the credit quality of any issuer or reference issuer. Any investor interested in purchasing a structured product should conduct its own analysis of the product and consult with its own professional advisers as to the risks involved in making such a purchase.

No part of this material may be copied, photocopied or duplicated in any form by any means or redistributed without the prior consent of MKE.

### Definition of Ratings

Maybank Kim Eng Research uses the following rating system

<b>BUY</b>	Return is expected to be above 10% in the next 12 months (excluding dividends)
<b>HOLD</b>	Return is expected to be between - 10% to +10% in the next 12 months (excluding dividends)
<b>SELL</b>	Return is expected to be below -10% in the next 12 months (excluding dividends)

### Applicability of Ratings

The respective analyst maintains a coverage universe of stocks, the list of which may be adjusted according to needs. Investment ratings are only applicable to the stocks which form part of the coverage universe. Reports on companies which are not part of the coverage do not carry investment ratings as we do not actively follow developments in these companies.
